

CANCER: WHAT HAPPENS NEXT?

You or a loved one has been diagnosed with cancer, we've developed pathways to explain the steps you should expect so you receive the best care possible.

Cancer support

at every step of the way

Initial investigation and referral

by your GP

Diagnosis and staging

information from your specialist

What **treatment** will you receive and from whom?

Who will manage your care **After Treatment?**

What do you do **If Cancer Returns?**

Living with cancer

How to deal with symptoms and advance care planning

Questions of cost

Discuss your concerns
